

# MERGER ANNOUNCEMENT M/25/040 - DUSSMANN GROUP/LYNSKEY ENGINEERING

## Section 21 of the Competition Act 2002

**Competition and Consumer Protection Commission clears proposed acquisition whereby Dussmann Holdings Limited, will acquire sole control of Lynskey Engineering Holdings Limited.**

**17 July 2025**

---

The Competition and Consumer Protection Commission has today cleared the proposed transaction whereby Dussmann Holdings Limited, will acquire sole control of Lynskey Engineering Holdings Limited. The proposed transaction was notified under the Competition Act 2002, as amended, on 2 July 2025.

The Commission has formed the view that the proposed transaction will not substantially lessen competition in any market for goods or services in the State. The Commission will publish the reasons for its determination on its website no later than 60 working days after the date of the determination and after allowing the parties the opportunity to request that confidential information be removed from the published version.

### **Additional Information**

Dussmann Holdings Limited is a private limited company incorporated in the State and part of the 'Dussmann Group' of companies. The Dussmann Group is a German-based global service provider with activities across the facilities management, food services and technical plant and systems engineering sectors. In the State, the Dussmann Group is active via Specialist Technical Engineering Services Unlimited Company, which trades as the STS Group. The STS Group is an installation contractor specialising in electrical and instrumentation services in the life sciences, data centers, food & beverage and distribution sectors.

Lynskey Engineering Holdings Limited is a mechanical, engineering, commissioning, and maintenance contractor that operates in the State, the United Kingdom and mainland Europe via its wholly owned subsidiaries: Lynskey Engineering Limited, Lynskey Maintenance Limited, and LES GmbH. The group provides ventilation, air conditioning, heating, water and sustainability services across the commercial, industrial, data center, healthcare, educational and technology sectors.
